## Summary

I'm a WeThinkCode\_ student with a strong passion for software development. Proficient in Python and Java, I prioritize clean code and excel in collaborative environments. Committed to continuous learning and skilled in unit testing, Object-Oriented Programming (OOP), Git, Continuous Integration (CI), and with some experience in Test-Driven Development (TDD) and Docker, I'm eager to contribute and grow.

## Experience

### Bootcamp Project Reviewer

WeThinkCode

Apr 2023 - Aug 2023 (5 months)

Review bootcamper group projects, assess individual contributions and understanding. Help bootcampers identify strengths and areas for improvement in their group projects.

### Bootcamp Mentor

WeThinkCode

Apr 2023 - Aug 2023 (5 months)

Guide bootcampers throughout their group project, ensuring they receive the necessary guidance and support.

## Education

### WeThinkCode

Computer Software Engineering

Jan 2022 - Apr 2024

Software Engineer in Training

### Are-Fadimeheng Secondary School

Jan 2013 - Dec 2016

## Licenses & Certifications

**Fit to Learn: Web Developer** - MyInnerGenius

**Python (Basic)** - HackerRank

4CFC9D91F444

**Java Intermediate** - Sololearn

CC-TLPGFKDI

**Python Data Structures** - Sololearn

CT-L5YPUR1Q

**Problem Solving (Basic)** - HackerRank

ed2b8851cae9

**Java(Basic)** - HackerRank

4681a1650129

## **Skills**

Unit Testing • Object-Oriented Programming (OOP) • Docker • Analytical Skills • Continuous Integration (CI) • Git • Software Development • Teamwork • Team Mentoring • Communication
